WILMINGTON IS WORKING

Initiative Overview

What is the initiative: Full-scale workforce landscape analysis focused around the city of Wilmington.

Goal of the initiative: Compose an in-depth report that highlights the current landscapes' strengths, areas of opportunity and propose recommendations on how to close gaps within the system and promote a more inclusive workforce ecosystem within the city of Wilmington.

The process includes: A series of stakeholder interviews, an all encompassing array of Focus Groups, an Environmental Scan, and in-depth research on best practice models both regionally and nationally.

Who is supporting the initiative: Powered by Barclays US and led by Wilmington Alliance
